PRESENTATION – ATTORNEY ERIC FREY FOR BEACON OF HOPE

Attorney Hovey explained the request of Beacon of Hope to establish a homeless shelter at the property located at 601 and 619 West High Street. The zoning hearing is scheduled for September 28th. The Conditional Use application was extended at the request of the applicant.

Attorney Eric Frey, representing Beacon of Hope, along with Tom Niarhos, Beacon of Hope, Executive Director and Mark Boorse, Vice President of Board of Directors were present and outlined the proposed use of the property located at 601 and 619 West High Street. Attorney Frey asked for Council's support for the zoning application letter sent this month. If allowed, Beacon of Hope would then withdraw the Conditional Use application. The homeless shelter would consist of 45 guests in the over 1200 square feet facility. There will be meeting rooms and dining area for the rooming house. He noted that Council has a legal obligation to provide shelter for these individuals. Attorney Frey explained that this is a non-profit organization and is asking to address the homeless situation in the Borough.

Mr. Niarhos added that over the past 2 ½ years, it has been found that only 25% of people offered to go elsewhere for shelter have accepted the offer. Others have maintained that this is their home and will not go elsewhere. Beacon's goal is to keep people in their own community.

President Weand reminded all that Pottstown is part of the Pottstown Regional Planning Committee and other communities comply with the requirement to have a homeless shelter, therefore it is not necessary for the Borough of Pottstown alone to establish a homeless shelter.

Mr. Niarhos also explained the difficulty in transferring an individual from one County to another, including assistance, housing and health services. Residency is obtained from some type of documentation, including a medical documentation, a social security identification or a most recent identified document, dated 3-months prior. Mr. Niarhos added that Beacon received \$1.3 million from the County and have other anonymous donors. He also outlined the services provided by the case manager on an individual basis, along with the security and plans of the building. He also advised that he is following the successful plan of the Reading Salvation Army program.

Mr. Boorse reviewed the services available to the individuals when they are residing at the shelter, including the Housing Locator and support services. He added that the services do not cross County lines. Mr. Boorse also explained the closing of the Norristown facility, as the property was a state owned property and conveyed back to Norristown, with the expiring lease on the property.

Mayor Henrick attested to the lack of homes or shelters, as there are 8 displaced families from the recent explosion with no housing available.

Attorney Frey added that he is seeking Council's support for the special exception for a rooming house and a variance for the homeless shelter.

Attorney Hovey noted that an executive session is scheduled for this evening on this litigation matter and will be listed for action on Monday evening's agenda.

APPROVED TREE LIST MODIFICATION

Mr. Keller requested approval to remove ash trees from the approved list of trees for replacement, due to the number of trees effected by the ash boar disease. He noted that this can be done through resolution rather than an ordinance change and is the recommendation of the Ordinance Review committee. This would not impact the existing trees.

Mr. Keller reviewed the one bid received for the 2023 Solid Waste Collection project from J. P. Mascaro & Sons. He noted that the Borough has the option for 2 one-year extensions from the 2019 proposal by Mascaro's.
